

## 1 TEXT TO SPEECH

Click on Immersive Reader and then click the play button. It will read the selection using **text to speech**.

Click the setting button to change:

- ★ the reading rate
- ★ how the voice sounds
- ★ voice speed

## 2 TEXT OPTIONS

Click on the Text Options - 'AA' - icon in the upper right hand corner to **customize the page view**. You can:

- ★ change the size of the text
- ★ change the spacing between letters
- ★ choose a font that is easier to read
- ★ change the color of the text background

Welcome to **Immersive Reader**, a truly empowering feature in all Microsoft Apps and many non-microsoft apps that helps give all students access to information.

## 3 PARTS OF SPEECH

**Parts of Speech** controls grammar highlighting and helps readers understand complex sentences.

- ★ **Syllables** splits words by showing small dots between syllables.
- ★ Turn on Nouns, Verbs, or Adjectives to highlight every noun, verb, or adjective on the page in a color that corresponds to the color of the label.

## 4 READING PREFERENCES

In the Reading Preference area, you can:

- ★ **Line Focus** enables readers to narrow the focus of their reading experience by highlighting sets of one, three, or five lines within their chosen material in Immersive Reader.
- ★ **Picture Dictionary** gives you the ability to click on any single word and have it read aloud.
- ★ **Translate** lets you change the language of the text you're reading.

*Immersive Reader is available in Teams Assignments, Posts, and Chat.*

# Build CONFIDENCE FOR Emerging READERS with IMMERSIVE READER
